**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election of claims 1-12 in the reply filed on 7/8/02 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. This application is in condition of allowance except for the presence of claims 13-28 which are non-elected claims without traverse. Accordingly, claims 13-28 have been cancelled.

The application has been amended as follows:

Cancel claims 13-28.

***Information Disclosure Statement***

4. The information disclosure statement filed 9/26/05 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that

Art Unit: 2891

portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

***Allowable Subject Matter***

5. Claims 1, 3-12 and 29 are allowed.
6. The following is an examiner's statement of reasons for allowance:

The reason for allowance of claims 1, 3-12 and 29 is the inclusion therein of the limitation of the buried layer is doped with an impurity concentration of over  $1 \times 10^{20}$  to the power of 20, along with the other limitations in claim 1. The closest prior art of record, Shinozaki et al., US Patent 4,106,049 discloses the limitations of claim 1, but does not disclose the buried layer having an impurity concentration of over  $1 \times 10^{20}$  to the power of 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
